

# GRATING PACIFIC

## HEAVY DUTY GRIP STRUT® STAIR TREADS

### Heavy Duty Grip Strut Stair Treads

Width	Depth	Material
2-Diamond 9-1/4"	2"	Pre-galvanized 10 ga.

### Heavy Duty Grip Strut Stair Treads

Allowable loads and deflections: U=Uniform load (lb./ft.<sup>2</sup>) C= Concentrated load (lb.) D=Deflection (in.)

Material	Thickness	Depth in.	Weight lb./in. ft.	Catalog Number	Load Type	Clear Span			
						2'-0"	2'-6"	3'-0"	4'-0"
Steel	10 ga.	2"	7.4	HT22010	U	2412	1544	1026	629
					C	1860	1487	1240	929

(1) See "General load information" in the Technical Information section of website for explanation of design load deflection conditions.

(2) For stair treads, intermediate stringer is recommended for spans over 4 feet.
